

Kensington

Orbit® Wireless Trackball with Scroll Ring - Black

The popular choice of professionals everywhere - now wireless.

K70992WW

Product Description

The Kensington trackball legacy continues with the Orbit® Wireless Trackball with Scroll Ring. This trackball features a patented scroll ring that allows you to scroll up and down pages with ease, customisable buttons, dual wireless connectivity (2.4 GHz, Bluetooth 3.0 and LE) with 128-bit AES government-grade encryption security, four DPI settings (400, 800, 1,200, or 1,600) to easily adjust the cursor speed to fit your needs, a detachable wrist rest, ambidextrous design and plug-and-play ease for Mac or PC.

Features

- Dual wireless connectivity offers the flexibility of 2.4GHz and Bluetooth (3.0 and LE), with 128-bit AES government-grade encryption security.
- The scroll ring lets you spin the dial to move up and down web pages or documents with complete ease. And the 40mm ball's hard surface is specially designed as a perfect sphere for precise tracking and control.
- Four DPI settings let you easily adjust the cursor speed to fit your needs by selecting the appropriate level (400, 800, 1,200 or 1,600) - lower DPI for precision editing, and higher DPI for word processing or casual browsing.
- Ambidextrous design works equally well for right-handed and left-handed users. Trackball reduces wrist and hand movement to ease repetitive-stress injuries.
- Free KensingtonWorks™ downloadable software provides a personalised experience, giving you the ability to assign a variety of functions (including shortcuts) to the buttons and adjust cursor and scrolling speed. *Windows ARM-based computers are currently not supported. Please check back for future updates on compatibility.
- Optical tracking technology delivers precise cursor movement for superior accuracy, so you can get where you want on the screen quickly with less hand movement, improving productivity and efficiency.
- A detachable wrist rest delivers soft cushioning to support the hand and wrist in ergonomic comfort for pain-free productivity during extended periods of activity on the computer.
- Mac and PC compatible.
- This product is designed to comfortably fit and be effective for users of all hand sizes.

Specifications

- **Colour** Black
- **Compatibility** Windows 11
- **Features** SmartFit™, SmartFit™, SmartFit™, SmartFit™, SmartFit™, SmartFit™, SmartFit™, SmartFit™, SmartFit™, SmartFit™
