

HP Editable OCR

Digitise your documents into editable Office files instantly with HP Editable OCR

Hard copy in, digital copy out

Go from hard copy to soft copy in no time without any additional software. Scan directly into editable Office formats like .docx, .pptx and .xlsx. Retain text styles, table formatting, colours, layouts, graphs, indentations and more – they're all editable. Save them to your preferred location to access them quickly and easily.

Work faster. Work smarter.

Boost your productivity with digitisation. Save time, effort and labour by eliminating the need for manual retyping. Easily streamline your workflows and accelerate digital transformation in a few simple steps.

Seamless set-up. Instant impact.

This hassle-free MFP feature requires no additional software or complex set-up and is compatible with a variety of HP printers, making it the perfect fit to instantly breathe new life into your operations.
