This is not your dad's briefcase! You could buy boring and bland, there's plenty of it out there, but why would you? You know what you want, and better is at the top of your list. We've designed every feature of these cases to be the best - from the handle - to the strap - to the way it protects your computer. Features like our Wireless Security Shield, Bungee Comfort System and SafetyCell Computer Protection sets this case head and shoulders above it's peers.

Don't settle for just any case! Choose the one that reflects your personal style!
