

Replacement Earcups for H-Series Headsets (H3000 and H2000)

Perfect fit earcups for H2000 and H3000 headsets.

K32716WW

Product Description

Need to replace lost or damaged headset cushions for your H2000 or H3000 headset? Kensington® Replacement Earcups for H-Series Headsets are the perfect-fit solution. They are easy to install and provide the same exceptional comfort and sound quality as original earcups--ensuring an immersive and uncompromised audio experience. The professional design utilizes cooling-gel infused memory foam earpads covered in breathable heat transferring fabric to provide all-day comfort and they are delivered in plastic-free packaging to support sustainability efforts. These earcups are part of Kensington's Professional Video Conferencing ecosystem—providing an integrated experience so you spend more time being productive.

Features

- Designed exclusively for H2000 and H3000 headsets for high-quality form, fit, and function.
- Cooling-gel infused memory foam earpads support all-day comfort.
- Perfect fit ensures a hassle-free installation.
