Product Description

Professionals today struggle with the physical strain and fatigue caused by prolonged computer use. Traditional mice, with their flat, one-size-fits-all design, often force the wrist into an unnatural position, leading to discomfort and hampered productivity. Moreover, organizations are increasingly seeking more sustainable solutions to address their growing environmental, social, and governance (ESG) responsibilities. The Pro Fit® Ergo MY630 EQ Rechargeable Mouse is a full-size vertical mouse that promotes exceptional ergonomic comfort. Including 55% post-consumer recycled (PCR) content of total plastic components*, the MY630 empowers professionals to work smarter and more comfortably.

*Excludes PCB assembly, rechargeable battery, and charging cable
