

MPN: GLBMMB13-22

Magnetic Privacy Filter 13.6" 16:10 for Apple Macbook Pro/Air 2022-2024

Protect your screen and your own privacy. Protect your company – both on the move and in the office – by keeping login credentials, essential personal and confidential data and information unexposed to unwanted onlookers. With a Gearlab privacy filter, you get crisp and clear image clarity when you are in front of the screen, while people on either side cannot see anything on your display. As an additional benefit, a privacy filter protects the sensitive screen glass surface from scratches and damage, and like on a touchscreen, your fingers slide and swipe easily across the surface.

- Reduces 51% (±5%) of blue light transmission (blue ray wave 440-460 nm)
- Suitable for MacBook Air 13,6" (2022-2024)

Spezifikationen

Design	Farbe filtern	Black
	Material	Polyethylene terephthalate (PET)
	Passend für	Notebook
	Produktfarbe	Black
	Typ	Frameless display privacy filter
