HP LaserJet Enterprise MFP 6600 Monochrome Printers Series

The ultimate A4 enterprise printer for large teams

Built to simplify document workflows and handle high-volume printing with blazing-fast speeds and customizable features. It integrates effortlessly with your existing fleet, is future-ready with upgradable solutions, and is the world's most secure to protect your data.⁴

Get the power to be more productive

Simplify work with automated workflows

The world's most secure printing technology⁴

Save energy and help reduce waste

Secure. Scalable. Smart. Printing that evolves with your business.

Revolutionize document workflows with the ultimate A4 enterprise black-and-white MFPs and printers. Built for effortless integration, automated operation, and simplified management.

1. The power to be more productive

Maximize productivity with fast printer wake-up and speeds, tailor your workflows with customizable printer and software configurations, and keep your fleet future-ready with FutureSmart firmware upgrades.^{1,2}

2. Digitize your workflows with smart solutions

Simplify scan workflows with HP AI,³ automatically removing sensitive data⁶ and converting invoices, contracts, and more to digital. Easily turn documents to Office formats with editable OCR.⁷

3. Simplify work with automated workflows

Work smarter wherever you are in your digital transformation. Choose the perfect fit, on-prem or cloud, and seamlessly integrate your device into existing fleets and workflows with compatibility built for your environment.

4. Protect your business

HP Wolf Enterprise Security is the world's most secure printing technology, seamlessly integrating protection into every aspect of your business. Work and grow with confidence, keeping your data, workflows, and business safe from evolving threats.⁴

5. Save energy and help reduce waste

Help reduce waste and minimize your footprint through eco-labels, energy-efficient designs,⁵ and TerraJet Cartridges made from recycled plastic.⁹ All backed by an industry-leading recycling program.¹⁰

Get the power to be more productive

Save time with fast automatic 2-sided scanning up to 200ipm¹ and print speeds up to 57 ppm¹ to power through your tasks.

Stay ahead with FutureSmart firmware updates, keeping your fleet always up to date.²

Customize workflows your way with printer and software configurations for your unique needs.

Digitize your workflows with smart solutions

HP Editable OCR

Easily find, edit, and share scans – AI automatically turns your scans into editable office files (.docx, .pptx, .xlsx).⁷

HP AI Guided Redaction

Share scans with confidence – AI automatically redacts Personal Identifiable Information from scans, all processed locally.⁶

HP Workpath and HP Open Extensibility Platform

Wherever you are in your digital transformation, find the perfect fit—on-premises or cloud-based print solutions, tailored to your needs.

HP Scan AI Enhanced

Digitize large stacks of paperwork in seconds without manual work – AI automatically extracts and organizes key data from your scans.⁸

Protect your business with the most secure printers⁴

Keep your work always protected—HP Wolf silently detects and recover your printer from cyberattacks.⁴

Simplify compliance—HP Security Manager enforces policies and monitors your fleet, so you're always audit-ready, effortlessly.¹¹

Grant access only to verified users and devices with HP's Zero Trust Print Architecture ensuring your users and network stays secure from evolving cyber threats.¹²

Get peace of mind with future-ready security for your network with the world's first printers to protect against quantum computer attacks.¹³

Save energy and help reduce waste

Reduce costs and environmental impact with printers and toner cartridges that use less energy.¹⁴

Meet the rigorous criteria of EPEAT Gold, Energy Star, and Blue Angel with our energy-efficient designs.⁵

Help reduce plastic waste with TerraJet Toner Cartridges designed with recycled plastics.⁹

Easily recycle your used HP TerraJet Toner Cartridges for free through the HP Planet Partners Program.¹⁰

Exceptional performance, thoughtfully designed

The next generation of HP Toner and Cartridge technology, HP TerraJet Toner Cartridges and packaging are designed for efficient toner use with less waste,¹⁸ outstanding quality printing, and built-in security.^{19,20}

- Original HP TerraJet Toner Cartridges and packaging are designed with less plastic and uses less energy when printing.^{21,22,14}
- Original HP TerraJet Toner, the next generation of toner, features efficient toner use¹⁷ and outstanding quality printing with improved performance. Experience uniform clear, sharp black text and rich tones with accurate contrast and shading.
- HP takes security seriously. Original HP TerraJet Toner Cartridges are designed for security with tamper-resistant chips, firmware and packaging.¹⁸

Deliver top performance with HP Flow MFPs

Your workflow, evolved

Unlock the full potential of your digital workflows with the cutting-edge features of HP Next Generation Flow Technology. Designed to help your team improve accuracy and efficiency for smoother, uninterrupted work.

Scan directly into Office formats with built-in OCR software⁷

Transform your scans directly into editable Office files (.docx, .pptx, .xlsx). Once scanned, your documents are searchable, shareable, and ready to go.

Scan-to-multiple destinations

Send documents to multiple recipients with customized shortcuts that eliminate repetitive steps and avoid misdirection.

HP Reverse and Retry technology¹⁵

HP Reverse and Retry technology automatically detects and resolves multi-sheet feed issues, keeping workflows smooth by avoiding disruptions.

Smart auto-sensing features

Auto-sensing features, like 2-sided document detection and automatic job separation, reduce steps and increase accuracy so you can spend more time on what matters most.

Options for improved data entry

Enhance productivity with a large 10.1-inch color touch-enabled control panel featuring a virtual keyboard, or opt for a physical keyboard to make data entry faster and more convenient for those who prefer a traditional typing experience.

On-device digital editing and marking

Streamline workflows with convenient digital editing—highlight, redact, mark up, or sign¹⁶ documents directly from the MFP control panel.

Keep sensitive data private, automatically

Your device automatically removes Personally Identifiable Information before sharing—with no cloud processing needed.⁸

Accelerated scanning performance

HP Flow MFPs feature ultra-fast scanning speeds of up to 200ipm duplex. Plus, you can further increase OCR performance with the optional Workflow accelerator card.

Footnotes

- Solutions deployed through the Hardware Integration Pocket (HIP) may require additional purchase.
- Measured using ISO/IEC 24734, excludes first set of test documents. For more information, see <http://www.hp.com/go/printerclaims>. Exact speed varies depending on the system configuration, software application, driver, and document complexity.
- Some features enabled by future HP FutureSmart firmware upgrades may not be available on older devices, if for example, physical product characteristics limit the functionality of the new feature.
- Internet access required and must be purchased separately. Wireless operations are compatible with 2.4 GHz and 5.0 GHz operations only. Supports both 5.0 GHz and 2.4 GHz using up to 12 non-overlapping channels vs. only 3 non-overlapping channels for 2.4 GHz only. Supports 5.0 GHz band (up to 150 mbps) v. 2.4 GHz band (up to 72.2 mbps). Learn more at: www.hp.com/go/mobileprinting.
- HP recommends that the number of pages per month of imaged output be within a stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period, the lowest monthly volume shown is based on 60-month usage and the highest 12-month usage.

Disclaimers

1. Measured using ISO/IEC 24734, excludes first set of test documents. For more information, see <http://www.hp.com/go/printerclaims>. Exact speed varies depending on the system configuration, software application, driver, and document complexity.
2. Some features enabled by future HP FutureSmart firmware upgrades may not be available on older devices, if for example, physical product characteristics limit the functionality of the new feature.
3. HP AI uses artificial intelligence (AI). Feature availability varies by printer model, configuration, and country, with additional localizations planned for future launches. HP reserves the right to charge for certain AI features or additional services in the future in accordance with the HP AI Terms of Service. To learn more, visit hp.com/HP_AI.
4. HP's most advanced embedded security features are available on HP Managed and Enterprise devices with HP FutureSmart firmware 4.5 or above. Claim based on HP review of published features as of June 2025 of competitive in-class printers. Only HP offers a combination of security features to automatically detect, isolate, stop, and recover from attacks with a self-healing reboot, in alignment with NIST SP 800-193 guidelines for device cyber resiliency. Printers are most vulnerable to attack when they are booting up and during runtime (when the printer is in sleep mode and in use). Only HP Enterprise printers protect the device during 100% of the printer's life with Sure Start BIOS protection, Memory Shield with hardware-based Runtime Intrusion Detection and Control Flow Integrity to detect and recover from zero-day threats in addition to Connection Inspector network behavioral anomaly detection all with self-healing recovery. For a list of compatible products, visit hp.com/go/PrintersThatProtect. For more information, visit hp.com/go/PrinterSecurityClaims.
5. HP voluntarily designs and tests its printing systems to prevent emissions that exceed Blue Angel and EPEAT eco-label guidelines. Based on US, Canada, India, and Australia EPEAT® registration according to IEEE 1680.1-2018 EPEAT®. EPEAT® status varies by country. Visit www.energystar.gov/productfinder for more information on models of the HP LaserJet Enterprise 5500/6500/MFP 5600/MFP 6600 series that are ENERGY STAR certified in North America. ENERGY STAR and the ENERGY STAR logo are registered U.S. marks. HP printer, HP paper and Original HP supply - Blue Angel DE-UZ 219 Emissions Criteria.
6. Guided Redaction estimated to be available Spring 2026 on select Flow MFPs (HP LaserJet Enterprise Flow MFP 6600zfw). Requires latest HP FutureSmart firmware and the purchase of the HP Workflow Accelerator Card accessory. Telephone and Social Security Number fields are optimized for North America and select European countries.
7. Available as standard on Flow MFP models (HP LaserJet Enterprise Flow MFP 6600zfw).
8. Not all MFPs may be compatible with Workpath apps. To enable HP Scan AI Enhanced, license is required. Personalized content and integration functions are applicable to supported HP Workpath apps only.
9. Recycled plastic is expressed as a percentage of total weight of plastic. See www.hp.com/tonerrecycledcontent for more information.
10. Program availability varies. For more information, visit hp.com/hprecycle.
11. HP Security Manager must be purchased separately. For details, see hp.com/go/securitymanager.
12. Delivered through implementation of HP Authentication Suite for Workpath-enabled devices and devices with embedded Protected Access both providing passwordless multifactor authentication for Microsoft Entra ID environments. Device identity provided by deployment of device certificates using HP Security Manager software, sold separately.
13. Based on HP's internal analysis of business Printers with preinstalled encryption, authentication, malware protection, postquantum digital signature, and initial BIOS firmware integrity protection with automatic self-healing recovery finding that no other in-class Printers implement a quantum-resistant cryptographic scheme to protect the integrity of the BIOS and firmware as of March 2025.
14. HP calculations based on normalized Energy Star® TEC data of HP LaserJet Enterprise 5501-5502, 5601-5602, 6500-6501 and 6600 with HP TerraJet Cartridges compared to HP LaserJet Enterprise M507, M528, M610 and HP M634. See [hp.com/ TerraJet/energysaving](http://hp.com/TerraJet/energysaving).
15. HP Flow is available only on Flow MFP models (HP LaserJet Enterprise Flow MFP 6600zfw).
16. HP does not endorse the use of a simple signature as a legally binding digital signature in all jurisdictions; please check your local laws for enforceability of simple signatures if intending to use a simple signature as a binding signature.
