

Table of Contents

Solution compatibility

The following table provides compatibility information for HP and partner solutions for select HP LaserJet and Inkjet printers, MFPs, copiers and scanners. Please contact your HP sales representative for more information to ensure compatibility with your specific printing and imaging environment.

Improve workflow	3
Capture to workflow	3
HP Capture and Route	3
HP Digital Sending Software 5.01	3
HP and Kofax Capture	3
HP and Kofax Communications Server	3
HP and Kofax Front Office Server	3
Content management	3
HP and Hyland Document Capture and Workflow Solution	3
HP Flow CM Professional	3
HP Embedded Capture	3
Manage environment	4
Job accounting	4
HP Access Control Job Accounting	4
HP and Nuance SafeCom Security and Job Accounting solution	4
Fleet management	4
HP Web Jetadmin	4
Security Management	4
HP Imaging & Printing Security Center	4

Optimize infrastructure	4–5
Security: Pull printing and authentication	4
HP Access Control Secure Printing	4
HP and Nuance SafeCom Security and Job Accounting solution	4
Secure document and check printing	4–5
HP and TROY Font Memory Kits	4
HP and TROY Locking Paper Tray	4
HP and TROY MICR Printer	5
HP and TROY Security Printer	5
HP and TROY MICR Secure Toner	5
HP and TROY MICR Signature and Logo Kit	5
HP and TROY Secure Document Printing Solution	5
HP and TROY MICR SecureRx Printing Solution	5
Fleet Drivers	5
Universal Print Driver	5
Footnotes	5

Improve workflow																																			
Capture to workflow		_								_	_	_				_	_			_					_					_	_	_	_		\neg
HP Capture and Route ¹ Enable users to easily convert paper documents into a variety of digital formats, making it one-button simple to route information where it is needed.																																			
Available Worldwide			•	•													•	•	•	•	•	•	•	•	•	•	•	•	•	•	•		•	•	•
HP Digital Sending Software Server-based capture solution with a common administrative and end-user interface that enhances digital sending across HP LaserJet MFPs, HP digital senders, and HP Scanjet network devices.																																			
Available Worldwide																	•	•	•	•	•	•	•	•	•	•	•	•	•	•	•				Ш
HP and Kofax Capture ² Automate information capture from scanned paper or imported electronic documents. The entire document or extracted data is then routed to an archive or your business workflow.																																			
Available Worldwide																	•	•	•	•	•	•	•	•	•	•	•	•	•	•	•				
HP and Kofax Communications Server A central communications platform that helps ensure the reliable exchange of business critical messages among applications, devices, and people.																																			
Available Worldwide																	•	•	•	•	•	•	•	•	•	•	•	•	•	•	•				
HP and Kofax Front Office Server Seamlessly connect HP Multifunction devices (MFPs) with the key systems that drive an organization's business processes.																																			
Available Worldwide																	•	•	•	•	•	•	•	•	•	•	•	•	•	•	•				
Content Management																																			
HP and Hyland Document Capture and Workflow Solution Electronically capture, manage and route paper-based information while streamlining and automating paper-intensive workflows.																																			
Available Worldwide																	•	•		•	•	•	•	•	•	•	•	•	•	•	•				
HP Flow CM Professional ³ Enterprise-class content management is now available to SMB's in the cloud that includes core CM functionality: capture, store, search, index, versioning, share, publish, sync, notification and audit trail. Providing anytime, anywhere access, HP Flow CM is easy to deploy and use with simple, intuitive interface.																																			
NA																	•	•	•	3	3	3	•	3	3	3	•	•	•	•	•				
HP Embedded Capture Create a workflow just for you. Scan and distribute documents more efficiently, using HP Embedded Capture. Integrate scanning into your routine tasks, and get info where it needs to go—quickly.
