Product Description

Ideal for professionals and creatives who want more screens for visual productivity, more speed to work with large files, support for multiple 4K monitors, and more ports so they can connect to accessories without using adapters, the SD5800T Thunderbolt™ 4 and USB4® Quad Video Docking Station is a high-speed dock that provides everything you need to unlock the full potential of your premium laptop. As one of the first Thunderbolt™ 4 docks capable of supporting Quad 4K displays, the SD5800T Thunderbolt™ 4 and USB4® Quad Video Docking Station provides a powerful plug-and-play connection—including support for four 4K monitors for the latest Windows laptops and two 6K monitors for the latest MacBook models, 40Gbps data transfer speeds, up to 100W charging (98W certified), and a 16-in-1 design. The SD5800T Thunderbolt™ 4 and USB4® Quad Video Docking Station delivers more screens, more speed, and more power—so you can be more productive and focused.

Features

- Plug-and-play solution for Thunderbolt™ 4, Thunderbolt™ 3, USB4®, and USB-C® devices running Windows (10 or later) or macOS (11 or later).
- Transfers 40Gbps of data, video, and audio.
- Supports up to Quad 4K video for Windows and up to Dual 6K for MacBook.
- Delivers up to 100W charging (98W certified) to the host and connected accessories.
- Includes 16 productivity ports—2 x HDMI, 2 x DP, 1 x Thunderbolt™ host, 1 x USB-C®, 6 x USB-A, 1 x SD Card Reader, 1 x Micro Card Reader, 1 x combo audio jack, and 1 x 2.5Gbps Ethernet.
- Transfers files at ultra-fast speeds via built in UHS-II SD and Micro SD card readers.
- Supports Zero-Footprint Mounting and includes Kensington Security Cable Lock Slots.
- Includes 3-year limited warranty and Kensington DockWorks™ Software.
