

# HP All-in-One 24-cb1000nu Bundle All-in-One PC (7B2Z8EA)

**Work hard. Enjoy hard.**

The HP All-in-One blends the power of a desktop with the beauty of a modern display. Powered by an Intel® processor[1], bring the cinema to you with a three-sided micro-edge, Full HD[2] display and dual speakers. This AiO design includes sustainable materials[3] and is designed to keep your space clutter-free with thoughtfully placed ports.

#### Fast performing with ample storage

Get things done easy and fast with the performance of an Intel® processor[1], and ample storage space.

#### Immersive Full HD entertainment

Enhance your viewing experience with FHD[2] crystal-clear images from any angle on a 3-sided micro-edge display.

#### Made with the planet in mind

Our AiO design includes sustainable materials like ocean-bound plastic[3] and post-consumer recycled plastic[4].

### Featuring

#### A dynamic processor that adapts to you for superior multi-tasking performance

12th Gen Intel® Core™ processors distributes performance where you need it the most — saving you time and increasing your ability to do the things you actually want. [5]

#### Intel® Iris® X® graphics

Impressive performance for creating, gaming, and entertainment. A new level of graphics performance and crisp, stunning visuals – with the convenience of a thin & light laptop. [6]

#### Built to last

Life can be unpredictable, but your HP desktop shouldn't be. Backed by over 230 individual tests, our desktops go through it all to deliver durability you can trust and reliability you can count on. [7]

#### Full HD display

Sit back and enjoy crystal-clear visuals and images with the vibrant quality of 2 million pixels. The 1920 x 1080 resolution gives all your digital content a new dimension. [2]

#### Anti-glare panel

Enjoy the sun and your favorite content with this anti-glare panel. Non-reflective and low gloss means you'll get less glare while you're outside.

## Specifications

|                                          |                                                                                                                      |
|------------------------------------------|----------------------------------------------------------------------------------------------------------------------|
| <b>Form factor</b>                       | Customized                                                                                                           |
| <b>Operating system</b>                  | FreeDOS                                                                                                              |
| <b>Product color</b>                     | Starry white                                                                                                         |
| <b>Processor family</b>                  | 12th Generation Intel® Core™ i5 processor                                                                            |
| <b>Processor</b>                         | Intel® Core™ i5-1235U (up to 4.4 GHz with Intel® Turbo Boost Technology, 12 MB L3 cache, 10 cores, 12 threads) [6,7] |
| <b>Memory</b>                            | 8 GB DDR4-3200 MHz RAM (1 x 8 GB)                                                                                    |
| <b>Memory Slots</b>                      | 2 SODIMM                                                                                                             |
| <b>Internal Storage</b>                  | 512 GB Intel® PCIe® NVMe™ SSD                                                                                        |
| <b>Product design</b>                    | Speckle design with weave pattern                                                                                    |
| <b>Graphics</b>                          | Integrated                                                                                                           |
| <b>Graphics (integrated)</b>             | Intel® Iris® X <sup>e</sup> Graphics                                                                                 |
| <b>Display</b>                           | 60.5 cm (23.8") diagonal, FHD (1920 x 1080), VA, three-sided micro-edge, anti-glare, 250 nits, 72% NTSC              |
| <b>Display</b>                           | 23.8" diagonal, FHD (1920 x 1080), VA, three-sided micro-edge, anti-glare, 250 nits, 72% NTSC                        |
| <b>Audio</b>                             | Dual 2 W speakers                                                                                                    |
| <b>Minimum dimensions (W x D x H)</b>    | 54.06 x 18.37 x 41.9 cm                                                                                              |
| <b>Minimum dimensions (W x D x H)</b>    | 21.28 x 7.23 x 16.5 in                                                                                               |
| <b>Weight</b>                            | 5.37 kg                                                                                                              |
| <b>Weight</b>                            | 11.84 lb                                                                                                             |
| <b>Keyboard</b>                          | HP 710 White Wireless Keyboard and mouse combo                                                                       |
| <b>Camera</b>                            | HP Wide Vision 1080p FHD IR privacy camera with integrated dual array digital microphones                            |
| <b>Video connectors</b>                  | 1 HDMI-out 1.4                                                                                                       |
| <b>Ports</b>                             | 1 USB Type-A 5Gbps signaling rate (Battery Charging 1.2); 1 headphone/microphone combo                               |
| <b>Expansion slots</b>                   | 2 M.2 (1 for SSD, 1 for WLAN)                                                                                        |
| <b>Ports</b>                             | 1 USB Type-A 5Gbps signaling rate; 2 USB 2.0 Type-A; 1 RJ-45                                                         |
| <b>Package dimensions (W x D x H)</b>    | 64.1 x 27.7 x 52.5 cm                                                                                                |
| <b>Package weight</b>                    | 8.8 kg                                                                                                               |
| <b>Network interface</b>                 | Integrated 10/100/1000 GbE LAN                                                                                       |
| <b>Wireless</b>                          | Realtek Wi-Fi 6 (2x2) and Bluetooth® 5.3 wireless card (supporting gigabit data rate)                                |
| <b>Power supply type</b>                 | 65 W Smart AC power adapter                                                                                          |
| <b>Sustainable impact specifications</b> | 15% post-consumer recycled plastic; Ocean-bound plastic                                                              |
| <b>Security management</b>               | Kensington MicroSaver lock slot                                                                                      |
| <b>UPC number</b>                        | 197029943101                                                                                                         |

## Messaging Footnotes

[1] Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance.

[2] Full high-definition (FHD) content is required to view FHD images.

[3] PCs manufactured with recycled ocean-bound plastic material in product speaker enclosures. Percentage of ocean-bound plastic contained in each component varies by product.

[4] Percentage of post-consumer recycled plastic contained in keycap varies by product.

[5] Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

[6] Intel and Iris are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries. Intel, the Intel logo and Iris are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries.

[7] HP Total Test Process testing is not a guarantee of future performance under these test conditions. Damage under the HP Total Test Process test conditions or any accidental damage requires an optional HP Accidental Damage Protection Care Pack.
