

# GBC® Discovery™ 1100 Document Camera

DCV10001

## Product Description

The Discovery 1100 Document Camera is the perfect way for teachers to step up their lessons without breaking the budget. This camera comes equipped with a best in class 8MP sensor, 8X zoom, annotation software and a microscope adapter—features usually only found in higher-end models. Plus, its portability makes it easy to transfer from classroom to classroom. With easy usability and quick set-up, this camera will make your classroom lectures more visually engaging and interactive in no time.

## Features

- 8MP sensor with 8X zoom and auto focus lets you display crystal clear images without worrying about blurriness or hard to read text
- Picture-in-picture capability allows you to show two displays on one screen
- Image freeze/pause lets you keep an image on the screen while the object is adjusted or passed around. Highlight/mask functions allow you to emphasize or block content while it is displayed.
- Included Discovery software lets you annotate and edit images
- Compact size and flexible arm makes camera portable for multi-classroom use and easily stored while not in use. Includes a built-in LED light with three brightness settings and an intuitive control panel.
- Remote control allows you to control the camera while moving around the classroom and attending to students
- Microscope adapter lets you display magnified images from one microscope to an entire lab of students
- Included anti-glare sheet stops glares from blocking the view of laminated surfaces and textbook pages
- Comes with everything you need, including: AC/DC adapter, USB cable, 2 HDMI cables, 2 AAA batteries, remote control, microscope adapter, anti-glare sheet, quick guide, CD manual and Discovery software
- 5 year limited warranty. 4 11/16"W x 4 3/4"L x 16 15/16"H
