

ThinkPad X1 Nano Gen 3

The ThinkPad X1 Nano Gen 3 is here to complement your style and personality with a range of next-gen features. Whether you are streaming your favorite show, editing photos or powering through work emails, the Intel Iris XE graphics and 13th Gen Intel Core i7 processors make everything that you do easier. Plus, the max battery life, Rapid Charge support and feather-lite weight (991.5 g) makes it a go-to device for mobile users in the market.

Competing with bandwidth is now out of option. The onboard Intel Wi-Fi 6E keeps you connected with fast and consistent speeds almost anywhere. With dual Thunderbolt 4 connectivity ports, create your ultimate productivity setup with external monitors and peripherals.

The 13" device comes with a 2K resolution, optional multi-touch display, 16:10 aspect ratio and 100% sRGB color gamut to present visuals that are sharp, detailed and true-to-life.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

Lenovo devices that are a class apart

The ultimate device for any mobile worker or executive, ThinkPad X1 Series combines the latest productivity and security technologies with sleek and lightweight designs.

Lenovo services
