

Full-Motion TV Wall Mount with Fully Articulating Arm for 23" to 55" Flat-Screen Displays

MODEL NUMBER: DWM2355S

Mounts your 23 to 55 in. television to the wall of your home theater, office, restaurant or boardroom to provide optimal viewing angles.

Features

Single-Screen TV Wall Mount Positions Your Monitor at the Perfect Viewing Angle

This VESA-compliant full-motion TV wall mount lets you place your display where everyone in the room can see it best. It's ideal for not only home theaters, but also dental offices, restaurants and bars, hotel lobbies, conference rooms and anywhere else people watch a television set or monitor. It fits most flat-panel TVs from 23 to 55 inches and supports up to 51 pounds.

Swivel and Tilt the Screen to Find the Perfect and Most Comfortable Viewing Angle

This full-motion articulating arm adjusts independently to optimize viewing angles, minimize glare and improve ergonomics. To minimize screen glare, reduce eye fatigue and increase viewing comfort, the mount features -15° to $+5^{\circ}$ tilt and -90° to $+90^{\circ}$ swivel for positioning your screen just right. Easy -3° to $+3^{\circ}$ screen adjustment lets you quickly find just the right angle without interrupting your day.

VESA-Compliant Mounting Ensures Display Compatibility

VESA (Video Electronics Standards Association) promotes uniformity in the video electronics industry by developing standards for TVs and monitors. For hassle-free display compatibility, this TV wall mount supports the following VESA mounting hole patterns: 75 x 75, 100 x 100, 200 x 100, 200 x 200, 300 x 300, 400 x 200, 400 x 300 and 400 x 400. Hardware for mounting on wood or concrete block is included.

Sure to Stand Up to Frequent Use

The durable steel frame withstands the stress of repeated adjustments. Its soft rubber-feel finish tolerates frequent handling and blends easily into any décor. Monitor cables clip to the arm to eliminate clutter and keep your work area organized.

Highlights

- TV wall mount with articulating gas-spring arm adjusts easily with just a single touch
- -15° to $+5^{\circ}$ tilt and -90° to $+90^{\circ}$ swivel helps you find the perfect angle to avoid glare
- Durable steel construction blends into any décor and supports up to 51 lb.
- Display cables attach to arm to reduce clutter and keep cords organized
- VESA compliance ensures compatibility with most popular mounting hole patterns

Applications

- Mounting a flat-screen television or monitor in an office lobby, conference room, bar, restaurant, airport or anywhere else digital signage is desired
- Installing a TV in your home theater that can be easily adjusted to accommodate the comfort levels of the audience

System Requirements

- Flat-screen television or monitor from 23 to 55 in.
