

MY PASSPORT[™] FOR MAC

PORTABLE STORAGE

Trusted and loved
portable storage for Mac
in a reimagined design.

- Designed for Mac and Apple Time Machine-ready
- Password protection with hardware encryption
- Reimagined design

My Passport for Mac is trusted, portable storage that perfectly complements your on-the-go lifestyle. Designed to fit in the palm of your hand, there's plenty of space to store a massive amount of photos, videos, music and documents. Perfectly paired with Apple's Time Machine backup software and password protection, the My Passport for Mac drive helps keep your files safe.

MY PASSPORT FOR MAC

PORTABLE STORAGE

Product Features

Designed for Mac

My Passport for Mac portable storage works straight out of the box with Mac devices which makes it easy to get going quickly – drag and drop files to and from, or setup a backup routine with Apple's Time Machine software to help protect your photos, videos, music and documents.

Password Protection with Hardware Encryption

The My Passport for Mac drive's built-in 256-bit AES hardware encryption with WD Security™ software helps keep your content private and safe. Just activate password protection and set your own personalized password. You can also add a "return-if-found" message as the password prompt to help your My Passport for Mac drive find its way back to you if it ever accidentally gets left behind.

Reimagined Design

The bold, vibrant design of the My Passport for Mac drive is sure to stop you in your tracks. It is portable storage reimagined to complement your own personal style.

Easy to Use

My Passport for Mac portable storage is ready to use out of the box so you can start transferring files, saving your memories and backing up right away. It comes with WD Security software to help protect your data and is compatible with Apple's Time Machine.
