## Connect Wireless Keyboard and Mouse Combo

### The Belkin Connect Family

Connect products are all about making connections. From cables that charge and share data to docks that bring devices together for a more streamlined experience, Connect delivers data in the most efficient way possible while maintaining the highest levels of quality. The very first product Belkin released to market was a cable, and we are proud to say that making connections has been an essential part of our story ever since.

### The Belkin Connect Family Characteristics

- One-cable solution to connect peripherals to a computer
- Multiple ports provide fast, simultaneous connection
- Connect and sync through a single cable
- Intuitive designs provide highly efficient “mini office” solutions
- Support high-definition protocols for an enhanced visual experience

### The Belkin Difference

- Pioneer in innovation and technology for over 40 years
- Extensive testing procedures for quality and durability
