Features

- Supports up to two 4K Ultra HD monitors @30Hz for stunning video quality from any USB-C Windows computer.
- With plug-and-play ease, there are no drivers to install. Just connect the cable to a USB-C port that supports Alt Mode, connect your monitor cables, and it works.
- Whether you want to mirror each monitor to display identical information, have each monitor independently dedicated to a separate page, tab or application, you've got flexibility.
- Multiple monitors help improve productivity by reducing side scrolling and clicking back and forth between tabs, applications, windows, etc., and enhance presentations, digital messages and signage.
- A 2-year warranty means you can rest assured knowing you're covered by Kensington.
