

## HP Compaq tc4200 Tablet PC

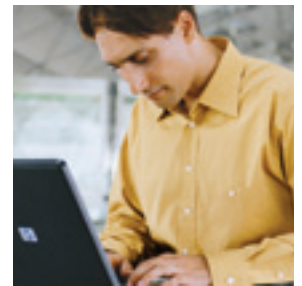

Power-packed ultraportable that adapts to the way you work

The HP Compaq tc4200 Tablet PC is a power-packed ultra-portable tablet PC designed to simplify the on-the-go professional experience. At 2 kg, this light design with Intel® Centrino™ Mobile Technology provides users with security in a reliable ultraportable that adapts to the way you work.

HP recommends Microsoft® Windows® XP Professional

Key features

## Versatile, highly-mobile office

- Intel® Pentium® M processor or Celeron® M processor, supporting Enhanced Intel® SpeedStep Technology
- HP patented power down NIC technology
- Intel® Display Power Saving Technology
- Optional travel battery allows an additional 4 hours of run time
- Digital eraser pen allows for easier writing
- Enhanced standby time (over 1 week)

## Ease of use

Every business has a different environment and needs. That's why the HP Compaq tc4200 Tablet PC is built with versatility in mind, allowing users to choose the user-friendly features and options that most appropriately fit their business needs:

- Touchpad scroll zone lets users maneuver seamlessly through documents or web pages
- Ambient light sensor adjusts the brightness of the display based on the amount of light in the environment
- Optional external ultra slim MultiBay II drive allows users to swap optical drives with secondary hard drives for increased storage capacity to backup valuable data or add an optical drive
- Flexible Docking Station solutions make it easy for users to attach/detach their tablet PCs and to conveniently manage cables
- HP Wireless Assistant enables users to easily identify, manage, and turn on or off their wireless devices as necessary, thereby optimising battery life

## Security

Protect your tablet PC from unauthorised access with enhanced security features: HP ProtectTools, integrated Smartcard Reader (optional), TPM Embedded Security Chip (optional), and HP Drivelock technology which helps prevent data from being compromised in the event the tablet PC is lost or stolen.

## Reliability

- The HP Compaq tc4200 Tablet PC is designed to meet tough business standards by providing users with a variety of reliability features and a durable (magnesium alloy) design that will give them confidence in their computers
- The HP Mobile Data Protection System helps protect the hard drive from shock and vibration and helps reduce the risk of data corruption
- The scratch-resistant In-mold Lamination keeps the tablet PC looking newer longer
- The HP Panel Protection System helps prevent the display from scuffing and scratching

## Backed by HP Services

HP Compaq Tablet PCs are backed by HP world-class global services and solutions which simplify and support your business and IT needs. HP and its value-added resellers and solutions providers have the infrastructure and highly skilled professionals that can help you purchase, maintain and utilise the technology you need to take your business to the next level.
