Samsung LCD Monitor

SyncMaster 740NW/940NW

Features

Widows Vista Basic Ready

Designed to be the perfect companion for the Windows Vista O/S, the 740/940NW monitors allow you to unlock your potential. The fast response time, and high contrast ratio permit Windows Vista to work, and be viewed, at its optimum performance level.

Wide Screen

Whatever your pleasure, the 16:9 740NW and 16:10 940NW Wide Format monitors offer the best view. Whether you are working, gaming, watching movies, TV or simply surfing; Wide Format is the best choice for you. With outstanding comfort and versatility the super wide screen brings you maximum excitement and enjoyment.

MagicSpeed - 5ms (940NW)

The fast response time of 5ms ensures stable viewing of DVDs and streaming video. Ideal for multimedia-driven applications, gaming, animation or for general users viewing video over the Internet.

MagicTune™

With only one cable, connect to, and enjoy HDMI (High Definition Multi-Media Interface). Delivering lucid clarity of image and sound, providing you with the ultimate home theatre experience.

MagicBright2

MagicBright² is a powerful new feature that provides the best viewing environment based on the images with six viewing modes provided; Documents, Internet, Games, Sports, Movies and Customized.

Wall Mountable

With wall mountable options, choose the view that best fits you. Flexible enough to suit any environment, you can be sure that that the 740NW/940NW will function wherever you choose to put it.
