

KB100 EQ Wired Full Size Keyboard

Built to last.

K63727UK

Product Description

Designed with sustainability in mind, the KB100 EQ Wired Full Size Keyboard is a reliable, value-for-money solution ideal for large office deployments. Made using 65% post-consumer recycled (PCR) material in the outer case and keycaps, the KB100 EQ Wired Full Size Keyboard features a spill-proof design. Its sealed membrane resists coffee, water, and other liquids and protects the keyboard electronics from unexpected mishaps. Supporting comfort and productivity, the KB100 EQ Wired Full Size Keyboard is also an ideal choice for the touch typist. It offers an ISO full-size layout with responsive tactile keys for all-day comfort, and a numeric keypad to support productivity. The USB-A connection provides a convenient and reliable wired experience, and the sleek and slim profile saves valuable desktop space while complementing a modern workspace.

Features

- Outer case and keycaps composed of 65% post-consumer recycled content (PCR).
- ISO layout is organized into 6 rows with a numeric keypad.
- Plug and play keyboard compatible with Windows and macOS.
- Tactile keys provide a comfortable typing experience for touch typists.
- Sealed membrane design protects the keyboard against accidental spills.
- USB-A cable provides a direct and reliable connection and eliminates the need for batteries.
- Wipe down protection meets MIL-STD-810H Method 504.3.
- Includes 3-year limited warranty.
