

# Kanguru UltraLock™

USB 3.0 Hard Drive / Solid State Drive with Physical Write Protect Switch

## SuperSpeed USB 3.0 Data Storage with Physical Write Protect Switch

The **Kanguru UltraLock™** External Hard Drive and Solid State Drive has a generous amount of data storage and features a convenient physical write protect switch to toggle between read/write and read-only mode. Enabling read-only mode can give you piece of mind to work safely on any computer the UltraLock is connected to. Students, travelers and researchers alike will appreciate the ability to read files on any school, library or hotel workstation without worrying about being infected by malware that could be lurking on a public computer.
