

L1000 Bicolor Ring Light with Webcam Mount for Video Conferencing

Perfect lighting for video conferencing.

K87653WW

Product Description

Kensington's L1000 Bicolor Ring Light with Webcam Mount is an affordable, feature-rich lighting solution for quickly improving the way you look on video conference calls—providing optimum brightness for office environments and the ability to mount your webcam in the center of the ring for consistently perfect light distribution. Bicolor LEDs mimic lighting scenarios from sunrise to sunset, push button controls easily adjust brightness, and a ball joint mount offers flexible positioning. The L1000 is part of Kensington's Professional Video Conferencing ecosystem—a powerfully cohesive plug & play software and accessory experience that empowers you to spend more time collaborating and less time troubleshooting.

Features

- 96 LEDs with 120° beam angle provide maximum light spread, a frosted lens distributes light evenly, and a max brightness of 960 lumens perfectly augments the lighting in most office environments.
- The bicolor LEDs offer a wide temperature range (cool, natural, or warm)—so you can select the best light for you at any time.
- Control the brightness of your L1000 with the push of a button—selecting between 20% and 100% via 10 increment settings.
- No outlet required—simply attach to any open USB-A port (5V/0.9A) on your computer, docking station, or other powered devices.
- Equipped with a webcam mount in the center of the light ring to ensure consistently perfect light distribution—even if you change the angle of your webcam.
- The 1/4" ball joint mount offers 360° horizontal rotation and 200° of vertical movement so you can easily accommodate the best camera angles.
- Create a tailored Professional Video Conferencing setup based on your environment by combining with other accessories, like a Telescoping Desk Stand (A1010) or Pro 1080p Auto Focus Webcam (W2050).
- Meets MIL-STD-810H Method 504.3 Contamination by Fluids with disinfectants with no degradation.
- No visual degradation or inability to use as directed upon test completion
- Connect with confidence knowing Kensington stands behind the L1000 with a 2-year warranty.
