**Product Description**

**Category** Pre-Release  
**SubCategory** -  
**Product Family** Pre-Release  
**Product/Service Category** Pre-Release  
**Product Heading/Tagline (ie. 25-Word Description)** Logitech® G703 LIGHTSPEED Gaming Mouse meets the next-gen HERO 16K sensor for precise gameplay and 10X the battery efficiency of previous generations.

**Feature Benefits**  
 HERO 16K Sensor: our most advanced, with 1:1 tracking, 400+ IPS, and 100-16,000 max DPI sensitivity — plus zero smoothing, filtering, or acceleration, and 10x power efficiency of previous gen

LIGHTSPEED Wireless: pro-level responsiveness and connectivity for long lasting, high performance gameplay — with a weight of 95 g and battery life for up to 35 hours of continuous play with default LIGHTSYNC RGB lighting.  
 POWERPLAY wireless charging: Never worry about your battery life again. Add the POWERPLAY wireless charging system to keep G703 and other compatible G mice charged while at rest and at play.\*

\*POWERPLAY Wireless Charging System sold separately

Supreme Comfort and Quality: brings together comfort, durability, and performance with comfortable design, rubber side grips, 10 g optional weight, and 6 programmable buttons for a customizable gaming experience.

Advanced Button Technology: metal-spring button tensioning keeps primary left and right buttons poised to trigger with less force, for exceptional button feel, response, and consistency every time  
 LIGHTSYNC RGB: full-spectrum lighting responds to in-game action, audio, and screen color; customize lighting effects from ~16.8M colors with G HUB gaming software, and sync across G gear

**Package Contents**
