

The VisionTek VGA to HDMI 1.5 meter (5 foot) Active cable will convert an analog VGA signal into an HDMI signal. The 1.5 meter (5 foot) cable includes a 3.5mm audio connector that will pick up audio from your system source to output over the HDMI video/audio signal. This cable is the ideal solution for converting VGA video and sound into an HDMI signal that can be used to connect to your display, monitor, projector or HDTV.

PN 900824 | UPC 7 84090 03397 0

NOTE: This cable is not bi-directional. This cable converts VGA to HDMI only, not vice-versa.

VisionTek Display cables offer a quick solution for your display needs. Our cables work across all operating systems including OS X, Linux and Windows XP, Windows 7, Windows 8, and Windows 10. Where necessary, our cables are active for expanded compatibility with multi monitor displays, docks, and digital signage. AMD Eyefinity is also supported with our cables. Each VisionTek cable has been extensively tested with HP, Dell, Lenovo and Mac systems to ensure a wide range of system compatibility.
