

Galaxy Rugged Range

Rugged on the outside, smart on the inside.

Introducing the Rugged range of devices, now with new Galaxy XCover7 Pro and Galaxy Tab Active5 Pro models, designed to thrive in harsh work environments. They not only provide the assurance and reliability that frontline workers have come to expect from Samsung but also offer a wide range of useful and new smart features.

Intuitive Productivity.

Get more done, at the push of a button. Programmable hot key allows IT to set up shortcuts for frequently used apps, minimising interruptions to employees' workflow. Plus, you can scan deliveries in a flash with Knox Capture¹—just hit the button or use the keyboard wedge. Using it to scan parcels at the doorstep can vastly speed up the whole process. And for smarter multitasking on the move, take advantage of the Intelligent Features² designed to make life easier. Enjoy intuitive search, text read aloud, and AI action suggestions. That's a smarter way to multitask when on the move.

Flexibility to keep work flowing.

Stay in touch on the frontline. Samsung has teamed up with Microsoft,³ combining leading hardware and software to unlock new ways for workers to connect practically anywhere. Send private location data or alerts, even if the network is down, and stay in constant walkie-talkie-style contact via the programmable key. All Samsung Rugged devices include 5G connectivity and fast Wi-Fi. The powerful replaceable battery⁴ keeps you working longer, even in remote locations. Utilise No Battery Mode⁵ for continuous operation when a power source is available.

Protected against the unpredictable.

Work confidently anywhere. Samsung Galaxy Rugged Series devices are ready for any challenge, even at altitude. Certified to MIL-STD 810H, they can take up to a 1.5-metre drop with the cover on,⁶ meaning they won't break in loading bays or in the field. And with Corning[®] Gorilla[®] Glass, they're sanitiser-safe⁷—perfect for healthcare heroes. IP68 water and dust resistance⁸ means they're built to withstand wet weather and dusty conditions, from factory floors to building sites.

Enhanced support for busy workers.

Handle all your Samsung Rugged device needs effortlessly, even if you don't have a dedicated IT team. With Enterprise Edition, you can enjoy a 3-year warranty for a lower total cost of ownership and added peace of mind. Plus, you get next business-day doorstep replacement.⁹ Keep devices safeguarded from mobile threats with up to 8 years of Security and Maintenance releases.¹⁰ Plus, ensure consistency across your device fleet with the Extended Product Lifecycle.¹¹

And for those keen to explore Knox Suite features, Enterprise Edition offers a Quick Start build service. It's your all-in-one solution for seamless device management.

1. Knox capture is part of Knox Suite. After the one-year subscription, you can extend it by one or more years. 2. Available on XCover7 Pro and Tab Active5 Pro from launch. Available on XCover7 and Tab Active as part of One UI 7 upgrade. Samsung Account Required. 3. Additional licenses may be required. 4. In the case of extra replaceable batteries, only Samsung-certified products are compatible for use. 5. Need to turn on "No Battery Mode" and use a dedicated USB Type C power source accessory (9W/2.3A ↑, PD2.0↑). Cradle and power source accessory sold separately. No Battery Mode limits device's CPU/GPU performance and reduces maximum volume, and display brightness, when enabled. 6. Drop test results meet MIL-STD 810H standard and vary depending on particular Rugged device. Test scope: Altitude, Humidity, Immersion, Salt Fog, Dust, Vibration, Drop, and more. Tab Active5 Pro can take 1.5M with case on. 7. Internally tested with Liquid Ethanol, Ethanol Cotton, Clorox (Chlorine bleach), Mediox HClO. 8. Resistant to dust and up to 1.5 metres of fresh water for up to 30 minutes (IP68). Rinse residue/dry after wet. Not advised for beach or pool use. 9. Doorstep Exchange with Samsung gold stock. Covers manufacturing defects only. T&C apply. 10. Up to 8 years, with monthly or quarterly updates, depending on device. 11. From product launch, subject to change without notice. Devices will remain on sale for a defined period of time after first global market release. The defined period will differ according to each specific device.

Explore the range

Galaxy XCover7

Say hello to the tough Galaxy XCover7. Navigate with ease using the 6.6" screen, packed with tools and apps for work anywhere. Upgraded camera, more memory, and faster processing make tasks easy. Link to devices and fast Wi-Fi 5, or switch to lightning-fast 5G. The long-lasting, fast-charging, replaceable battery powers through tough days. Dual SIM makes switching from work to play seamless. With Enterprise Edition, you get the security, support, and services you expect.

Product Specifications

| | |
|----------------------------|--|
| Display: | 6.6" FHD+, 20:9, TFT, V-Cut, 60Hz, 600 nits |
| Dimensions: | 169.0 x 80.1 x 10.2mm |
| Weight: | 240g |
| Camera: | Front: 5 MP, Rear: 50 MP |
| Sensor: | Accelerometer, Gyro sensor, Geomagnetic sensor, Light sensor, Proximity sensor |
| Durability: | IP68, ¹ MIL-STD-810H, ² 1m drop (1.2m with case), ² Corning® Gorilla® Glass Victus®+ |
| Processor: | Mediatek MT6835V |
| Memory + Storage: | 6+128GB, microSD card ³ (Up to 1TB) |
| Battery: | 4,050mAh ⁴ (Replaceable Battery ⁵) |
| Charging: | 15W Fast charging, USB 2.0 Type-C, POGO for charging ⁶ |
| Audio: | Mono speakers, Ear Jack: 3.5Ø |
| SIM: | Nano SIM, SIM1+eSIM+uSD |
| Connectivity: | 5G, Wi-Fi 5, Bluetooth 5.3 |
| Other: | One UI 7, Samsung DeX (Wired and wireless), XCover Key |
| Enterprise Edition: | 3-year warranty + 3-year enhanced support including next business day doorstep exchange, ⁷ 2 year Product Life Cycle, 7 years SMR and 7 generations OS updates, ⁸ 1 year Samsung Knox Suite ⁹ |

Galaxy XCover7 Pro

Meet the newest rugged marvel, the Galaxy XCover7 Pro. It's sleek, premium, and tough enough for bumps, scrapes, dust, and water. Intuitive and user-friendly, it's packed with tools and apps for productivity anywhere. The long-lasting, swappable battery and fast charging keep you moving. An extra programmable key boosts efficiency. With 5G, Wi-Fi 6E, and Enterprise Edition security and support, it's more than a phone—it's your ultimate work partner.

Product Specifications

1. Submersion in up to 1.5m of freshwater for up to 30min (no advised for beach or pool use). Rinse residue/dry after wet. Not advised for beach or pool use. 2. Drop test results meet MIL STD 810H standard and vary depending on particular Rugged device. Test scope: Altitude, Humidity, Immersion, Salt Fog, Dust, Vibration, Drop, and more. Tab Active5 Pro can take 1.5m with case on. 3. microSD card sold separately. 4. Typical value tested under third-party laboratory conditions. Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standard. Actual battery life may vary depending on network environment, usage patterns and other factors. 5. In the case of extra replaceable batteries, only Samsung-certified products are compatible for use. 6. POGO charging dock sold separately. 7. Doorstep Exchange with Samsung gold stock. Covers manufacturing defects only. T&C apply. 8. Up to 8 years, with monthly or quarterly updates, depending on device. 9. After the one-year subscription, you can extend it by one or more years. 10. Need to turn on "No Battery Mode" and use a dedicated USB Type C power source accessory (9W/2.3A †, PD2.0†). Cradle and power source accessory sold separately. No Battery Mode limits device's CPU/GPU performance and reduces maximum volume, and display brightness, when enabled.
