

12" Flexible Desktop Tripod

Mount and secure your digital camera, webcam, phone or device with our 12" Flexible Desktop Tripod. With standard 1/4" mounting screw works, this desktop tripod works well with most digital cameras, GoPros, phones, and webcams that have tripod mounting capability. A design that includes a removable and adjustable clamp works well for those looking to mount a variety of devices. Create unique angles and perspectives using the flexible, moldable rubber legs, which allow for an easy attachment to just about anything. A lightweight and compact design means easy portability for those on the go. Video conferencing is a breeze when using the desktop tripod, which allows for eye level viewing with your phone or webcam.
