

Pro Fit™ Wired Washable Mouse

Part Number: K75239US (Red) , K75240US (White) , K70315WW (Black)
 UPC code: 0 85896 00481 3 (Red) , 85896 00491 2 (White) , 0 85896 70315 0 (Black)

Click, rinse, and roll.

In hygiene-sensitive environments like medical offices, labs, and schools, finding computer mice that can be thoroughly sanitized without damage can be challenging. Specialty washable peripherals often come with high prices and limited color options. The Pro Fit™ Wired Washable Mouse addresses this with a waterproof, fully washable design that facilitates easy disinfection. Priced competitively and available in fun colors, it combines affordability with durable performance. With plug-and-play operation and a comfortable ambidextrous shape, it supports effortless deployment – perfect for IT teams and busy professionals.

- Waterproof design allows for easy cleaning*
- Meets MIL-STD-810H Method 504.3 Contamination by Fluids testing
- Wired USB-A plug-and-play connection
- 1600 DPI optical sensor
- Comfortable ambidextrous design
- Three-button scroll wheel layout
- Pairs with Pro Fit™ Washable Keyboard
- 3-year limited warranty

*USB connector should not be submerged.

UPC code: 0 85896 00481 3 (Red), 85896 00491 2 (White), 0 85896 70315 0 (Black)

Waterproof, Washable Design

Rated to IP67 standards for water and dust protection, this mouse can be safely washed by immersion* or sprayed with disinfectant cleaners, supporting a cleaner surface without performance loss.

Wipe-Down Protection

Meets MIL-STD-810H Method 504.3 Contamination by Fluids testing, demonstrating resistance to breakdown when exposed to cleaning and disinfecting solvents like alcohol and bleach for at least 24 hours.

Wired USB-A Connection

The wired connection ensures a reliable plug-and-play experience. Simply connect the mouse to any USB-A port and start using—no drivers or batteries needed. The stable connection eliminates worries about wireless dropouts or recharging, making it ideal for continuous use in critical applications.

High-Definition 1600 DPI Optical Sensor

Offers precise cursor control for better productivity. The 1600 DPI optical sensor ensures responsive tracking on typical office surfaces, making pointing, clicking, and dragging accurate and easy.

Ambidextrous, Contoured Design

Designed with a symmetrical shape, contoured sides, and a three-button scroll wheel layout, this mouse is comfortable for both left- and right-handed users.

Perfect Companion to Pro Fit™ Washable Keyboard

Designed to complement the Pro Fit™ Wired Washable Keyboard for a cohesive workspace that is easy to sanitize.

*USB connector should not be submerged.
