Print like you mean business

HP's fastest inkjet printers help your small business do more. Enjoy professional-quality prints and advanced features that keep work moving smoothly, while keeping your data protected with HP Wolf Security.<sup>2</sup>

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: <http://www.hp.com/learn/ds>
