intelliFAX®-4750E Laser Fax, Phone & Copier

Robust and efficient.

Simple to use, with advanced functions

This high speed, business class laser fax with a Super G3 33.6 Kbps modem has a high monthly duty cycle and high yield consumables to handle demanding business applications. It includes Dual Access as well as QuickScan®, which lets you scan faxes into memory while sending or receiving. 8 MB of memory stores up to 600 pages* for out-of-paper reception. The intelliFax®-4750E is also compatible with caller ID** and distinctive ring** to better blend in with your workflow. All this and more with fast laser performance and reliability at low operating costs.

A full featured fax machine

At the heart of this fax machine is a professional plain paper fax facility with advanced business functions. The intelliFAX®-4750E has a 250-sheet input tray and 600-page* out-of-paper memory so you won't miss faxes. It is able to forward received and stored faxes to another fax machine as well as page you if a fax is received. You can even retrieve your faxes from it remotely.

Increase your efficiency

Spend less time faxing out documents with features such as a 50-page Auto Document Feeder (ADF), fax broadcasting to up to 282 locations, buttons and 232-speed dial locations. You can group preprogrammed fax numbers and send a fax to selected groups automatically.

Service and support are part of the package

We are dedicated to comprehensive service and support. We provide a one-year limited warranty backed by our nationwide network of authorized customer-care centres. We also provide machine lifetime toll-free technical support to help you get the most out of your fax.

For added support, the "Brother Solutions Center" (<http://solutions.brother.com>) is an online repository of information, driver downloads, user manuals and FAQs to help you get the most out of your intelliFax®-4750E.
