Alaris E1025 Scanners

Scan. Send. Done.

Powerful, compact scanners speed information capture, access, and archiving

Free yourself from paper with the best home and small office scanner

Capture information from paper and send to wherever you need. Alaris E1025 Scanners are compact, efficient, accurate, and reliable to help you do more with your information.

Scan. Send. Done.

Too much paper slows work and cuts into productivity and customer satisfaction. With an Alaris E1025 Scanner, you capture all the important information from it, then send, save, and access it digitally.

- Scan with ease, thanks to intuitive controls and simplified set-up
- Capture information immediately with “instant on” technology
- Save space with a compact unit that is quiet and simple to use
- Scan almost everything - differing paper sizes and weights, even ID and hard cards
- Send documents to the right places and people instantly, empowering information access for everyone

Technology simplified and amplified

E1025 Scanners fit perfectly into businesses, home offices, workgroups, and reception areas. And they integrate smoothly with your existing applications and environment, from network to Cloud. The E1025 Scanner delivers great technology benefits to boost efficiency.

- Make images look even better than originals and get crisp, clear scans with Optical Character Recognition (OCR) using Perfect Page technology

- Scan and send information with one-button simplicity via Alaris Smart Touch technology (available as a free download)
- Read barcode information and quickly send information to applications

Be productive today and ready to scale up for tomorrow - E1025 Scanners work with many business apps you use.

Peace of mind and protection

When you scan one-of-a-kind originals, you'll know they're safeguarded through our Intelligent Document Protection, multi-feed detection, and smooth, proven paper path. It's reliable scanning that's virtually jam-free.

- Your scanner is protected with our three-year warranty
- We offer industry leading service and support, plus an array of flexible, customizable service plans to follow your original warranty

- 1 Easy to use numeric display enables one-touch scanning of up to 9 different jobs.
- 2 Scan documents quickly, the E1025 Scanner captures up to 25 pages per minute – capable of tackling 3,000 pages a day.
- 3 Smart Touch functionality allows you to scan documents to a file location, common cloud services, email, networked office printer, fax, and third-party applications.
- 4 Fits nicely anywhere with approachable, compact design.
- 5 Scan passports, small, thick or fragile documents with optional Alaris Passport or Integrated A4/Legal Size Flatbed Accessory.
- 6 Scan more documents at once with largest feeder capacity in its class.
- 7 Multiple driver compatibility: TWAIN, ISIS, and Linux.

Artist makes business run smoother with E1025 Scanner

An artist uses her Alaris E1025 Scanner to streamline her online craft sales business. As she receives orders – both in the mail and online – she now keeps digital copies of all business records in folders, capturing paper documents with her E1025 Scanner.

This has reduced clutter in her office (no more big piles of paper and filing cabinets) and made it much easier to find and respond to correspondence about orders in progress. She backs up her records to the Cloud, which also allows for easy access from her phone when she's traveling and has to contact a customer.

She's also found her scanner a great resource for capturing pages clipped from magazines and newspapers – which she combines into an online database along with web pages and online photos – for future reference. In just a few months of use, she now spends far less time searching for records, has gained more space for creative work, and appreciates the instant access to documents and ideas.

Alaris IN2 Ecosystem
