

Creative HS-230

Creative HS-230 Analog Headset with Noise-cancelling Mic and Inline Remote

Refreshed with a new, understated look and optimized for online meetings, the Creative HS-230 is a simple plug-and-play headset using provided USB adapter that works with any PC or Mac, and is lightweight so you can use it comfortably for long hours without fuss!

The Creative HS-230 is equipped with all the must-have features for work calls—a noise-cancelling condenser mic to block off unwanted noise, and a convenient inline remote that comes with easy access to mic mute button and volume adjustments.

PLUG-AND-PLAY HEADSET FOR WORK – Be ready in seconds for your work call. Without the need to install any extra software or to fiddle with settings, the Creative HS-230 is suitable for use with any PC or Mac computer with a USB adapter

STAY COMFORTABLE DURING LONG MEETINGS – Designed to be lightweight (108g / 3.81 oz), the Creative HS-230 rests comfortably on your head and ears without weighing you down even during long meetings

BE HEARD CLEARLY – The Creative HS-230 comes with a noise-cancelling condenser microphone. This passive noise-cancelling boom mic picks up your voice over ambient noise and ensures that you are heard clearly by your bosses and co-workers. Additionally, the microphone can swivel up to 270 degrees, providing flexibility in positioning for optimal voice capture.

DIRECT MIC MUTE CONTROL – Creative HS-230 allows you to mute or unmute yourself easily with slider located on the inline control of the headset cord. No unnecessary awkward silence needed

SUPERIOR SOUND FOR ALL USE – Our Creative HS-230 headset is equipped with 40 mm Neodymium drivers on each side of the earcups to deliver enhanced digital audio straight to your ears

Available in bulk packs only
