

Nano Security Slot Adapter Kit

Trusted protection for devices without built-in lock slots.

K65029WW

Product Description

If you need to secure high-value devices that do not have built-in lock slots, the Nano Security Slot Adapter Kit is an ideal solution. Providing robust and reliable protection that meets Kensington's high standards for device security, the Nano Security Slot Adapter Kit is simple to install, easy to use, and has been tested for industry-leading locking standards. It proudly meets Microsoft's rigorous standards for carrying the Designed for Surface (DfS) badge and accommodates unhindered use of any device, and can be used with any Kensington® NanoSaver® Lock to provide anchor options to desks, tables, and other attachment points. Offering protection without limitations, the Nano Security Slot Adapter Kit is an innovative solution that overcomes the security challenges of devices that do not have built-in lock slots.

Features

- Meets Microsoft Surface standards for quality, form, fit, and function.
- Allows users to secure devices that do not have built-in security slots.
- A convenient theft deterrent.
- Utilizes trusted 3M double-sided adhesive tape for dependable adhesion.
- Complements the aesthetics of most devices and is an exact match to black Microsoft Surface devices.
- Five-year limited warranty.
