### Product Description

The Surface™ Go is the next generation of laptop replacements, offering an incredible combination of productivity and portability. Valuable mobile investments need to be protected in the field and in the office to prevent damage and ultimately the cost of replacing. Our designers have worked closely with Microsoft as a member of the Designed for Surface program and continued adapting the BlackBelt™ Rugged Case. It surrounds the Surface™ Go in military-grade drop protection with an integrated hand strap for worry-free carrying and easy collaboration. The improved and more comfortable bezel has been adapted for writing and drawing on your Surface™ Go with the Type Cover being easy to attach or detach with the case on. Surface™ Pen holder & tether is an integrated form-fitting high convenience area that secures your pen from getting lost & keeping it ready for use. The new Blackbelt™ has wider and more strategic cutouts preserves full functionality of the Surface™ Go kick stand, USB ports and the Surface™ Dock Connector.

### Features

- Military-Grade Protection is a strong rugged body designed to meet the U.S. Department of Defense MIL-STD-810G testing protocols for drops
- Silicone Hand Strap provides a worry-free convenient way to collaborate while incorporating mobility into your Surface™ Go that is built-in to the case
- Type Cover Channel & Quick Fold Design allows you to quickly and easily attach or detach the Type Cover without removing the rugged case protection and allows the Type Cover to be folded along the backside of the case
- Unobstructed Access is Designed for Surface™ Go by providing you with strategic cutouts that allow for full functionality of accessories
- Surface™ Pen Holder & Tether is an integrated form-fitting high convenience area that secures your pen from getting lost & keeping it ready for use.
