Product Description:

This keyboard features umbrella style keys that help keep dangerous splatter from reaching the inner parts where germs can hide and grow. The keyboard is constructed of hard plastic with the advantageous of having its sensitive electronic components sealed away, making it washable.

Product Features:

Drainage Holes

With the bottom designed to let water out easily, liquid easily escapes after a spill or a wash. This means water does not have a place to gather and create into a mold growing, swamp like condition.

Adjustable Keyboard Feet

Use the keyboard feet to move the keyboard into a flat or angled typing surface.
