

SA270 Privacy Screen for Studio Display

The perfect privacy screen for your Apple Studio Display.

K50740WW

Product Description

If you need a simple solution for protecting the sensitive information on your Apple Studio Display from visual data breaches, the SA270 Privacy Screen for Studio Display is the perfect privacy screen for you.

Designed for exceptional form, fit, and function, the SA270 Privacy Screen for Studio Display protects your data from prying eyes, is simple to install, remove, and reuse, provides professional-grade privacy screen protection, reduces glare and fingerprints, and includes a webcam notch for an unhindered video conferencing experience.

An ideal accessory for data protection, the SA270 Privacy Screen for Studio Display looks as good as it functions—and offers everything you need in a privacy screen.

Features

- Provides an exact fit to the Studio Display frame and includes a webcam notch for an unhindered video conferencing experience.
- Reusable pre-applied adhesive strips make it easy to install, detach, and reattach—with no unsightly bubbles.
- Privacy-focused viewing angle narrows the field of vision to +/- 30 degrees—to protect the information on your screen from prying eyes.
- Blue light reduction filter eases eye strain and reduces the chances of natural sleep pattern interruptions by filtering out up to 30% of the monitor's harmful blue light rays.
- Antimicrobial coating (applied to matte side only) prevents mildew and bacteria growth, which can cause stains and odors on the film.
- Low reflective coating reduces glare from outside light sources for improved viewing clarity.
- 2-year limited warranty included.
- TAA compliant.
