

P6X pico projector

World's Brightest Battery Powered Projector

4 HOURS Battery in Eco Mode

1000 LED Lumens on Battery Mode

AAXA Technologies combines the latest **Osram LED** technology with **Texas Instrument's DLP** imager technology, and a **massive 54 watt lithium ion battery** to produce a projector capable of delivering 3000 LED lumens at the light-source and **1000 LED lumens** on screen. This means **160" images** are achievable (in dark areas) solely on battery power. To achieve this level of power efficiency AAXA Technologies moved away from XPR technology and quad-LED pumping that requires power-hungry actuators and FPGAs and

instead focused on **system power efficiency**. The end result is a high definition (**HD 1280 x 800**) projector that delivers 1000 LED lumens in high-power battery mode and **4 hours of battery life** in eco mode. The P6X is a **modern business projector** - it fits in your **backpack**, **charges your smart device**, and delivers small conference capable projection on just battery power. Shorten meeting times without fumbling for cords, or even preload the presentation through the **onboard media player**.

P6X pico projector

World's Brightest Pico Projector

GENERAL SPECIFICATIONS

Audio Output: 4W High-Low Frequency Speaker/ Headphone Mini-jack
Color: Black/ White
File Playback: USB Memory Stick reader (up to 64GB), Micro SD/TF Card Reader (up to 64GB)
Menu Language: English, Spanish, French, German, Chinese, Italian, Korean, Japanese
Aspect Ratio Control: 16:9
Dimensions: 6.25 in x 6.2 in x 1.85 in
Weight: 1.81 lbs
Supported Formats: MP3, WMA, OGG, WAV, JPG, AVI, BMP, GIF, TXT
Conformances: CE, FCC Class A

INPUTS/OUTPUTS

Battery Specifications: 15000 mah (14.8 v * 3680 mah)
Battery Run Time (Standard): 90 minutes
Battery Run Time (Eco): 240 Minutes
Power Bank Output: 5V 2A (10watts)

PROJECTION SYSTEM

Native Resolution: WXGA 1280 x 800
Brightness (Plugged in): 1100 LED Lumens
Brightness (Battery): 1000 LED Lumens (400 LED Lumens Eco mode)
Contrast Ratio: 2000:1
Projection Lens: Manual Focus
Projection Image: 16 - 160 inches
Throw Ratio: 1.2:1
Aspect Ratio: 16:9
Noise: 30dB
Light Source: Osram Quadcast RGBB 30,000 Hour LEDs

INPUTS/OUTPUTS

Video In: HDMI, Composite A/V (3.5mm Jack)
Audio Out: 3.5mm Stereo Headphone Jack
USB: Full Sized USB 2.0
USB Power Output: 5V 2A (10watts)

No Cords, No Wires, Fully Portable

INCLUDED ACCESSORIES

In the Box: Remote Control, Composite AV Cable, Wall Charger, User Manual
