MODEL NUMBER: **P569-010-MF-ACT**

Extends your existing 4K HDMI connection by 10 ft.

### Features

#### Extends Your Existing HDMI Cable Run by 10 ft.

The dependable P569-010-MF-ACT (M/F) connects to your existing HDMI cable to extend the run by 10 feet (3.1 meters). This allows you more flexibility in placing, for instance, a cable box or media server connected to an HDMI-enabled television, monitor or projector.

#### Transmits Crystal-Clear 4K Video with HDR and 4:4:4 Color

This extension cable supports Ultra HD 4K resolutions up to 3840 x 2160 at 60 Hz, as well as HDR, providing a wide range of vibrant colors with richer contrast, brighter whites and deeper blacks. HDCP 2.2 compliance allows you to stream 4K Amazon and Netflix content with no complications. This cable also supports 4:4:4 chroma subsampling for top-level PC gaming or using your HDTV as a PC monitor.

#### Ready to Use Right from the Package, So You Can Plug and Play Immediately

The extension cable requires no software or external power. Its active repeater allows you to connect two devices farther apart than USB's standard five-meter limit without the cost of an external signal booster. An audio return channel simplifies setups between displays and receivers. When used with an Apple digital A/V adapter, the cable supports video mirroring for playing games, watching videos or displaying presentations.

#### TAA-Compliant for GSA Schedule Purchases

The P569-010-MF-ACT is compliant with the Federal Trade Agreements Act (TAA), which makes it eligible for GSA (General Services Administration) Schedule and other federal procurement contracts.
