- User Documentation

FEATURES

- **Own Your Look:** Experience the bold, sleek design of this RGB gaming headset, featuring customizable side-facing lighting powered by LIGHTSYNC RGB in up to 16.8 million colors
- **Command Your Voice:** Best in class voice clarity with full bandwidth 48 khz/16 bit microphone for crystal-clear in-game communication and broadcast-quality audio streaming
- **Immerse Yourself:** State-of-the art PRO-G audio drivers deliver synchronized 48 khz/24 bit audio for exceptional sound quality, low distortion, and rich bass on this wireless headset
- **Play Free:** Choose your listening mode, LIGHTSPEED wireless on PC for busy environments, Bluetooth for mobile devices, or wired USB A-USB C for uninterrupted play
- **Flex Your Game:** Designed for style, comfort, and durability, the lightweight 280 g build features a washable suspension band and rounded cushion ear cups for an upgraded fit
- **Customize Your Sound:** Improve and customize your voice output with Blue VO!CE, or go deep on your audio setting and EQ through G HUB or the G mobile app
- **Enjoy up to 60 hours of battery life** (with lighting off) and effortless wireless connectivity up to 30 meters, allowing you to take a break from the action without missing a beat

Packaging:

1. Advanced features require Logitech G HUB software (download free at LogitechG.com/ghub) and/or Logitech G mobile app (check device app store).
2. Wireless range measured by line of sight. Wireless range may vary based on wireless interference conditions.
3. Refers to the duration of continuous playing with 78dB SPL sound pressure when the product is stably connected after charging the product to 100% power. Battery life may vary based on user and computing conditions.
