Performance

Bixby Routines

Create custom routines that change your phone settings based on your location or activity. For example, while driving you can create a routine to automatically read notifications aloud.

1. Drag the Status bar down to display the Notification panel.
2. Touch and drag ▬ to access all Quick Settings options.
3. Tap Bixby Routines ⊘. Then touch and hold to set up.

Wireless PowerShare

Wirelessly charge compatible devices right from your phone.

1. Drag the Status bar down to display the Notification panel.
2. Touch and drag ▬ to access all Quick Settings options.
3. Tap Wireless PowerShare ⊘.
4. With the phone face down, place the device on the back of the phone to charge.

Wireless PowerShare works with most Qi-Certified devices. Requires minimum 30% battery to share. Speed and power efficiency of charge varies by device. May not work with some accessories, covers, or other manufacturer's devices. If you have trouble connecting or charging is slow, remove any cover from each device. May affect call reception or data services, depending on your network environment.
