

## Your Digital Transformation Begins with Plustek eScan

### Scan Documents Without A PC

#### Dedicated and Customizable Document Scanning Kiosk

The Plustek eScan A450 Pro optimizes just about any scanning workflow. Not only does it fully support the Microsoft 365 environment, including SharePoint document check-in and metadata, but it also supports scanning to SMB network shares, FTP/SFTP/FTPS, and SMTP email.

With its built-in image processing, automation, and OCR capabilities, the eScan A450 Pro makes scanning easy and delivers high-quality, searchable PDF documents.

The eScan offers a full-color, intuitive interface that makes document scanning accessible to everyone without extensive training. No matter what industry you work in, the eScan document-scanning kiosk can be easily integrated into your workflow.

-  Customized individual account settings for required or repeated tasks
-  Barcode recognition for automatic document separation and file naming
-  Scan and check-in documents directly to designated library or add folders as you go
-  Scan to Microsoft 365, watched folders or other document management system
