

## For Patient-Care Vicinity - UL 1363A Medical-Grade Power Strip, 6 20A Hospital-Grade Outlets, Safety Covers, 7 ft. Cord

MODEL NUMBER: **PS607HG20AOEM**

### Highlights

- Approved for use in patient-care vicinities when properly mounted
- Complies with UL 1363A specifications
- 6 NEMA 5-20R-HG outlets with integrated locking safety covers
- 7 ft. cord with NEMA 5-20P-HG plug reaches nearby outlets
- Easy to mount on a variety of surfaces, e.g. IV poles

### Package Includes

- PS607HG20AOEM UL 1363A Medical-Grade Power Strip, 7 ft. cord
- Owner's manual

### Description

The PS607HG20AOEM Medical-Grade Power Strip supplies power to movable plug-connected components mounted to a rack, table or pedestal in operating rooms, patient-care vicinities, therapy rooms, imaging environments and administrative areas. Compliant with UL 1363A specifications, this 120V, 50/60 Hz power strip features a NEMA 5-20P-HG hospital-grade plug and six NEMA 5-20R-HG hospital-grade outlets. Integrated locking safety covers protect unused outlets from debris and damage and prevent unauthorized connections.

Two built-in resettable 20A circuit breakers control power to all outlets and protect the power strip against overloads. The switchless design prevents the power strip from being accidentally shut off. The seven-foot power cord provides ample reach to the AC power source.

Mounting tabs and flanges let you install the PS607HG20AOEM on a wide variety of surfaces, such as IV poles, mobile carts, crash carts and mobile medical workstations. The all-metal housing ensures safety and is guaranteed to last a long time in demanding environments.

### Features

#### Power Distribution Anywhere in Any Medical Facility

- Ideal for use in operating rooms, patient-care vicinities, therapy rooms, imaging environments and administrative areas
- For use on IV poles, mobile carts, crash carts and mobile workstations, when properly mounted
- 120V, 50/60 Hz power strip complies with UL 1363A specifications

#### Versatile Medical-Grade Solution

- 6 NEMA 5-20R-HG hospital-grade outlets provide consistent power
- 7 ft. power cord with NEMA 5-20P-HG hospital-grade plug provides ample reach to the power source
- Rugged, all-metal housing for long life in demanding environments

#### Premium Safety Features

- Integrated locking outlet safety covers block access to unused outlets
- Dual resettable built-in 20A circuit breakers protect against dangerous overloads
- Switchless design prevents accidental shutoff

#### Ready to Use Right Out of the Box

- Built-in mounting tabs and flanges for easy installation on a variety of surfaces

## Specifications

OUTPUT	
Frequency Compatibility	50 / 60 Hz
Output Receptacles	(6) 5-20R-HG
Circuit Breaker (amps)	20
Overload Protection	2 x 20amp breaker (1 line, 1 neutral)
Outlet Orientation	Single row of 6
Right-Angle Outlets	No
INPUT	
Nominal Input Voltage(s) Supported	120V AC
Recommended Electrical Service	20A, 120V
Input Connection Type	NEMA 5-20P-HG
Input Cord Length (ft.)	7
Input Cord Length (m)	2.13
Input Cord Gauge Type	12 gauge, SJT
Voltage Compatibility (VAC)	120
USER INTERFACE, ALERTS & CONTROLS	
Switches	No power switch
PHYSICAL	
Shipping Dimensions (hwd / in.)	15 x 6 x 3.55
Shipping Dimensions (hwd / cm)	38.1 x 15.24 x 9.02
Shipping Weight (lbs.)	4.3
Shipping Weight (kg)	1.96
Unit Dimensions (hwd / in.)	13.75 x 2.5 x 1.5
Unit Dimensions (hwd / cm)	34.93 x 6.35 x 3.81
Unit Weight (lbs.)	4
