\* Intel's numbering is not a measurement of higher performance. GHz refers to internal clock speed of the processor. Other factors besides clock speed may impact system and application performance.  
 † High-Definition content (e.g. WMV HD files) is required to view high-definition images. Most current DVDs do not provide high-definition images.  
 ‡ Dual Channel is only supported when the system is configured with DDR2 symmetric memory (i.e. 2 x 512).  
 †† Supports up to 4 GB DDR2 memory (Dual Channel Memory Support; for 4 GB memory configuration, up to 1 GB may not be available with 32-bit operating systems due to system resource requirements).  
 ††† Some models may not feature all the listed components and may vary depending on configuration.  
 †††† Wireless regulatory differ from country to country.  
 ††††† Maximum achievable download speeds are currently unknown, may not reach 56 Kbps and will vary with line conditions. Upload speeds are less and also will vary.  
 †††††† Only available in Taiwan and Hong Kong  
 ††††††† Available in all countries except Taiwan, Hong Kong and Japan

Note: Images in this brochure are approximate guides only. Information published may refer to products, programs or services that may not be available in your country. Please consult your local HP business contact for more information.

HP Pavilion dv2700 series  
Entertainment Notebook PC

## A balance of style and power.

From the gloss of its enigmatic swirls outside to the startlingly fresh technology inside, the HP Pavilion dv2700 series Entertainment Notebook PC is a true must-have sensation. More than just being extremely mobile, this eye-catching notebook PC also comes packed with a host of exciting multimedia features.

Built on an innovative advanced platform, the HP Pavilion dv2700 series Entertainment Notebook PC comes with larger hard disk space, more robust memory and better graphics. Altogether, serving you an entertainment experience in a class of its own.

**Enjoy a world of possibilities**

Now you can turn your notebook into a desktop computer and discover a multitude of computing possibilities. Take advantage of all the benefits available: slots for expansion cards and optional connectors for peripherals such as printers and even a full-sized keyboard and external monitor. It's one versatile solution that brings together the expansion capabilities of a desktop and the portability of a notebook.

**Music to your ears**

Treat yourself to the pristine sound quality of the Altec Lansing speaker system. With its luxurious sound quality, gaming, watching DVDs or listening to your collection of music takes the experience of entertainment to a whole new level. Plus, with the dual headphone jacks, you can now share your entertainment pleasure with a loved one.

**Entertain yourself. Now.**

HP QuickPlay 3.6 allows you to launch your choice of entertainment activities with instant access to the quick launch button. Watch movies and listen to music directly. Now that's convenience and pleasure made even easier.

**Click for control**

From the comfort of your easy-chair, now you can manage and control your entertainment through HP Mobile Remote\* effectively turning your notebook into an entertainment centre. Remotely turn on/off default applications to play music and DVDs. Use the remote to control your viewing as you would a television.

Enjoy greater expansion capabilities and versatility

Get entertained instantly with HP QuickPlay 3.6

Lounge back in comfort and enjoy with HP Mobile Remote\*

**Instant entertainment with one-touch media buttons**

Fast, easy access to your entertainment is now at your fingertips. Pull out DVDs, music and photos with just one touch of a button.

**Entertainment right now**

An array of backlit quick launch buttons allows you to play any preloaded DVD with just one touch—select the music or photo albums you wish to enjoy with the quick launch button. HP QuickPlay 3.6 rapidly delivers you the entertainment you desire.

**Entertainment even in the dark**

Each media control button is backlit for easy access even under dim conditions—press play, pause, forward or rewind with ease.

**Louder. Softer. Mute.**

Customise your audio levels instantly with one touch or adjust effects by a simple slide of the finger.

# Effortless computing at your fingertips

**Brilliant visuals**

A 14.1-inch widescreen display with HP BrightView technology brings your movies and games to high-definition life on a format that is guaranteed to satisfy.

**Bigger better entertainment**

For a new standard in awesome graphics, experience NVIDIA GeForce graphic cards with up to 128 MB dedicated memory. Your favourite entertainment now comes alive in stunning clarity and life-like brilliance.

**Transfer music and data easily**

Get more out of your notebook investment with the 5-in-1 Media Reader. Transferring music and photos, data and information from device to your notebook is now as simple as can be.

**Sheer performance power**

True multi-tasking power is yours with revolutionary Intel® Centrino® Duo processor technology. Run multiple operations with ease, while enjoying superior graphics and digital media capabilities all on a highly advanced platform.

**Authorised access only**

Stay totally confident with the optional HP Fingerprint reader. Enjoy an additional layer of security and more secure online transactions.

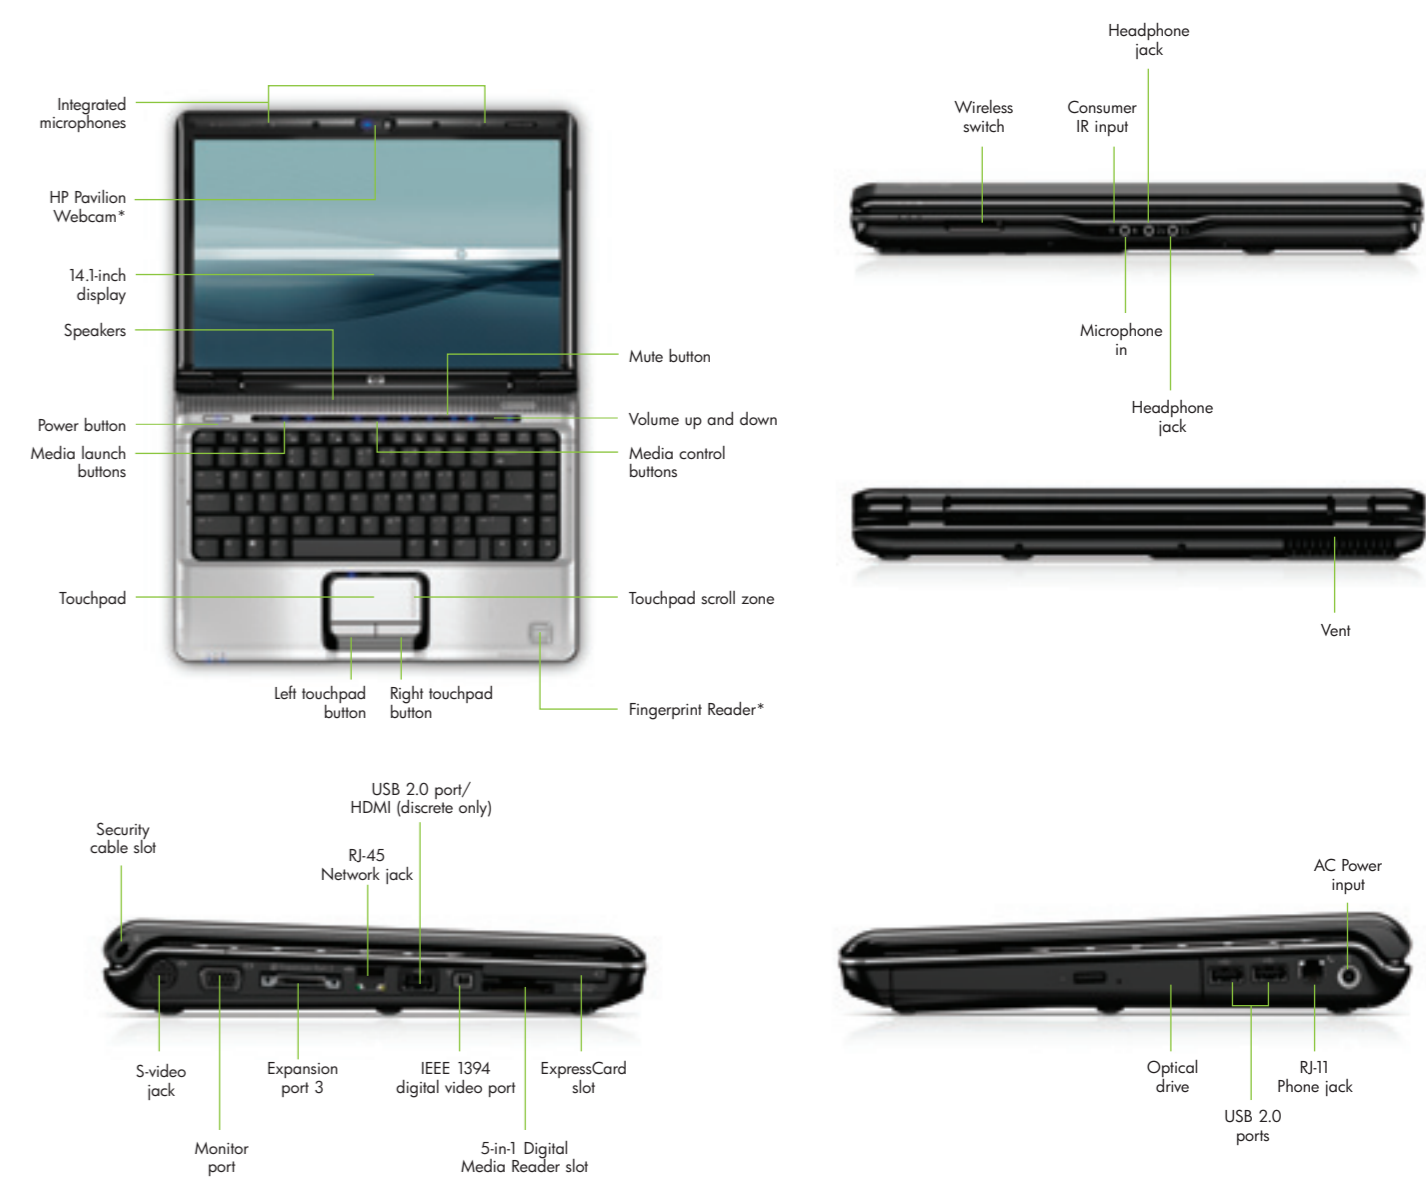

**Entirely enthralling**

The brand new HP Imprint gives you viewing pleasure that goes beyond what you see on screen. A pattern that brilliantly mirrors the fluidity and grace of HP's technology.
