

WindFall® Stand Tall for iPad Air®/iPad Air 2/iPad Pro™ 9.7

K67950US

Product Description

Designed for high-volume checkout counters and future payment technologies, the WindFall Stand Tall is several inches taller than the standard WindFall Stand. It's constructed from 10-gauge steel, which is 29% thicker than the standard model. The result is an incredibly stable, beautiful and aesthetically pleasing stand at point of sale.

Features

- Ideal for modern payment terminals that include Chip & Pin and Apple Pay
- Sturdy and secure design integrates high-quality construction with tamper-resistant features
- All speakers, ports, buttons and cameras remain accessible and functional
- Integrated PivotTack cable management eliminates cable clutter for cleaner point-of-sale
- Made in the USA
- TAA Compliant
