NOTE:
• The components included in the box may differ depending on your country.
• The available connection interfaces vary depending on the model. If you use a wired connection, you must purchase the correct cable for the interface you want to use.

  • **USB cable**
    We recommend using a USB 2.0 cable (Type A/B) that is no more than 2 metres long.
  • **Network cable (for wired network models only)**
    Use a straight-through Category 5 (or greater) twisted-pair cable.

• The screens and images in this *Quick Setup Guide* show the MFC-L2860DW.
• Brother aims to reduce waste and save both raw materials and the energy required to produce them.
  Read more about our environmental work at www.brotherearth.com.
• Save all packing materials and the box in case you must ship your machine.
1 Remove the packing materials and install the toner cartridge and drum unit assembly
