Tough enough for every day, without the extra weight

Get the enhanced durability of a lightweight zip-around case that helps protect your laptop with interior padding and has rubber feet to help hold it in place on the desk.

All-access design

Use the case in and out of class—it unzips while on the device and allows port and connector access through cutouts. Store a pen, mouse or adapter in the exterior pocket and ID in the card slot. Carry with the slip or shoulder strap or handle.
