Smarter
technology
for all

Lenovo

Rely on this enterprise laptop – a perfect combination of power and performance – for everyday productivity. Powered by the 11th Gen Intel vPro processors, up to 1 TB SSD storage and fast DDR4 memory, it handles data-entry, finance, and accounting work with ease while also supporting video streaming and presentations. Stay connected to more devices and data with four USB and HDMI ports. Wifi-6 ensures faster data connection. Onboard security features prevent data misuse and unauthorized access.

REASONS TO BUY

Modern Standby enables the device to wake from sleep in less than one second and stay up-to-date even during sleep mode. And with up to 9 hours of battery life, users can stay productive all day.

Built-in security features, including TPM chip and fingerprint reader, ensure data encryption and user authentication, while the web camera shutter protects user privacy during calls or meetings.

Minimum preloaded applications mean maximum productivity and output.
