Features

- Seamlessly and conveniently attaches to the Surface Pro's magnetic frame. This avoids potentially damaging adhesives from being used and eliminates any setup process.
- Limited viewing angle narrows the field of vision to +/- 30 degrees, helping keep the information on your screen private and reducing the chances of a visual data breach in the office or in public.
- Blue light reduction filters out harmful rays by up to 22%, easing eye strain and reducing the chances of interrupting sleep patterns. Low reflective coating reduces glare for improved clarity.
- Reversible – one side has a matte finish to reduce glare and fingerprints. The other side is glossy and provides a clearer view of the monitor.
- Touch and Surface Pen enabled, so you can use your Surface Pro just as you would without a privacy screen.
