

USB-C Sync / Charge Cable with Lightning Connector - M/M, USB 2.0, White, 3 ft. (0.9 m)

MODEL NUMBER: M102-003-WH

USB/Lightning cable connects your Apple iPhone, iPad or iPod to the USB-C port on your MacBook, Chromebook or wall/car charger.

Features

3 ft. USB-C Cable Charges and Syncs Your Latest-Generation iPhone, iPad and iPod

This USB-C sync/charge cable (M/M) connects your iPhone, iPad or iPod to the USB-C port on a computer, MacBook, Chromebook, Ultrabook, car charger or wall charger. It allows you to charge and power your Apple device, while simultaneously syncing and transferring data at USB 2.0 data transfer speeds up to 480 Mbps. The cable is backward compatible with previous USB generations, allowing you to use it with older equipment.

MFi-Certified for Broad Device Compatibility

The 20V 3A (60W) Lightning cable is MFi-certified for use with the latest generation of iPhone, iPad and iPod devices. It's compatible with iPhone (5, 5c, 5s, 6, 6 Plus, 6s, 6s Plus, SE, 7, 7 Plus, 8, 8 Plus, X, XR, XS, XS Max), iPad (4th, 5th and 6th generations), iPad mini, iPad mini 2, iPad mini 3, iPad mini 4, iPad Air, iPad Air 2, iPod Touch (5th and 6th generations), iPad Pro 12.9 inch (1st and 2nd generations), iPad Pro 10.5 inch and iPad Pro 9.7 inch.

Reversible Lightning and USB Type-C Plugs Connect in Either Direction

Connect the reversible 8-pin Lightning plug to your Apple device for charging and synchronizing, and the reversible USB-C connector to a USB-C port on a computer or charger. The fumble-free plugs connect in either direction to ensure fast, easy connection every time. The three-foot length helps reduce cable clutter, and the cable is short enough to be conveniently carried in your car, bag or briefcase for instant charging. Integral strain relief gives the cable extra flexibility, reduces stress, and helps the cable move freely without cracking or breaking loose from the connectors.

Highlights
