

## MY430 Rechargeable Mouse – Wireless – Multi-Device

The sustainable mouse.

K75507WW

### Product Description

Ideal for professionals requiring a fully-featured mouse, and organizations putting sustainability at the forefront, the MY430 Rechargeable Mouse delivers productivity and convenience. With an outer case composed of 65% post-consumer recycled content (PCR), and an integrated rechargeable battery, the MY430 Rechargeable Mouse aims to reduce our environmental impact. The mouse can be used wirelessly across three different devices. The onboard rechargeable battery does away with the need for disposable batteries, lasting up to 4 months on a single charge. With six buttons, the MY430 Rechargeable Mouse provides improved navigation and productivity features which users can enhance further with free KensingtonWorks™ software.

### Features

- Connects up to three active devices—two via Bluetooth® Low Energy (LE) and one using the included 2.4GHz USB.
- Composed of 65% post-consumer recycled content (PCR).
- Provides up to 4 months of battery life on a single charge and includes USB-C® charging cable.
- Silent left/right buttons reduce distractions and support a quiet work environment.
- Left, right, forward, back, scroll/middle-click, and DPI buttons enhance navigation and productivity.
- Use free KensingtonWorks™ software to personalize 5 programmable buttons.
- 2.4GHz receiver provides 128-bit AES government-grade encryption security.
- Multiple DPI settings (1000/1600/2400).
- Includes 3-year limited warranty.
