

BACK TO SCHOOL WITH CHOICE

with the HP Hybrid Teaching Solution

Certified for

Microsoft Teams

Start school by providing synchronous learning to all your students in class and from home

Provide parents and students choice to learn safely at home or in class

Remote learning that closely matches the physical classroom experience

- Teachers can start class with “one-touch join”
- Remote students can see and hear the teacher as well as content
- In-room teachers and classmates can engage with remote students
- Teachers can be seen anywhere in front of the classroom
- Classes can be recorded and include closed captioning

Easy to use by teachers and students

Use existing instructional methods while introducing new/improved methods

Easy to manage and support
