

True 4K camera, bring extreme sharpness to every meeting space

Combined with 4K sensor and revolutionized new ID design, Yealink UVC84 USB camera provides a best ever video experience for your meeting. Featured 12x optical lossless zoom and 3x digital zoom, UVC84 reproduces every single detail in meeting room, which is perfect fit for medium and large room. Furthermore, UVC84 covers a wide field of view of 80°, with mechanical pan, tilt that can be easily done either by remote control or Yealink camera control plug-in software. Delivering best in class video quality to all participants, Yealink UVC84 is the ideal choice for a truly collaborative, true-to-life communication.

Key Features and Benefits

4K Ultra HD video quality

UVC84 camera delivers 4K video output with excellent sharpness and smoothness, accurately reproducing every detail, color and therefore awarding you a vivid video experience.

12x optical and 3x digital zoom, 80° field of view

With 12x optical zoom, 3x digital zoom and 80° field of view, UVC84 can easily cover a medium or large meeting space, everyone sitting in the meeting room can be clearly seen by the remote party.

Integrated with Audio

UVC84 camera integrates the audio feature in it as well. Perfectly working with the UVC84 camera, VCM34 array microphone or VCM38 ceiling microphone combined with MSpeaker II soundbar is capable of providing a wonderful audio experience.

Auto Framing

UVC84 camera aims to provide a better auto framing feature to free your hands from doing PTZ control, while focusing on your meeting.

Multiple installation options

The complete mounting kits allow you to put UVC84 on the conference table, or mount on the top of TV, on the wall, on the ceiling, onto a TV stand or a tripod with great flexibility according to your needs.
